

 Wilsonart®

QUARTZ

Newly Imagined Quartz Designs Celebrate Nature & Neutrals

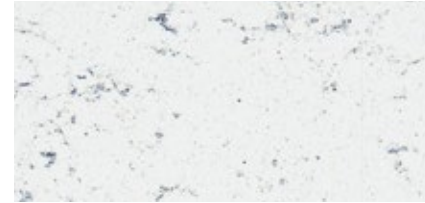

The new Wilsonart® Quartz designs tap into the color trends of warm and cool whites, greys and neutrals but also takes advantage of the resurgence of classic black stone. Inspired by nature, the new Quartz designs combine the beauty of stone with a refined, artistic flawlessness that works equally well in both residential and commercial environments.

Stain Resistance

Quartz is one of the most popular non-porous engineered surfaces available on the market today. The level of care required is significantly less compared to other natural stones. Unlike a granite surface, Wilsonart® Quartz does not need to be sealed or polished. The pores of Wilsonart Quartz are so tight and small that any mishaps that occur will rarely set into the surface as long as they are quickly removed by a simple household cleaner.

Scratch Resistance

The very hard, dense nature of Wilsonart® Quartz makes it highly resistant to abrasions and scratches. Unless the surface is abused, Wilsonart Quartz will remain in excellent condition long into the future. Non-abrasive cleaners and sponges will maintain its brilliance and performance.

Jumbo Slabs

New jumbo-size slabs allow you to maximize every inch of your space, eliminate the need for multiple seams and optimize your design capabilities for a budget-friendly, high-end look. Jumbo-size designs come in three select sizes (63" x 120", 63" x 126" and 65" x 130"). Slab size availability is listed under each design.

All Wilsonart® Quartz slab sizes are available in 2cm or 3cm thickness.

Service You Can Trust

Wilsonart® Quartz is available nationally through the best distribution network in North America, ensuring you that the product you need will be there when you need it. Wilsonart is proud to be a Texas-based company since 1956.

Visualize Your Space

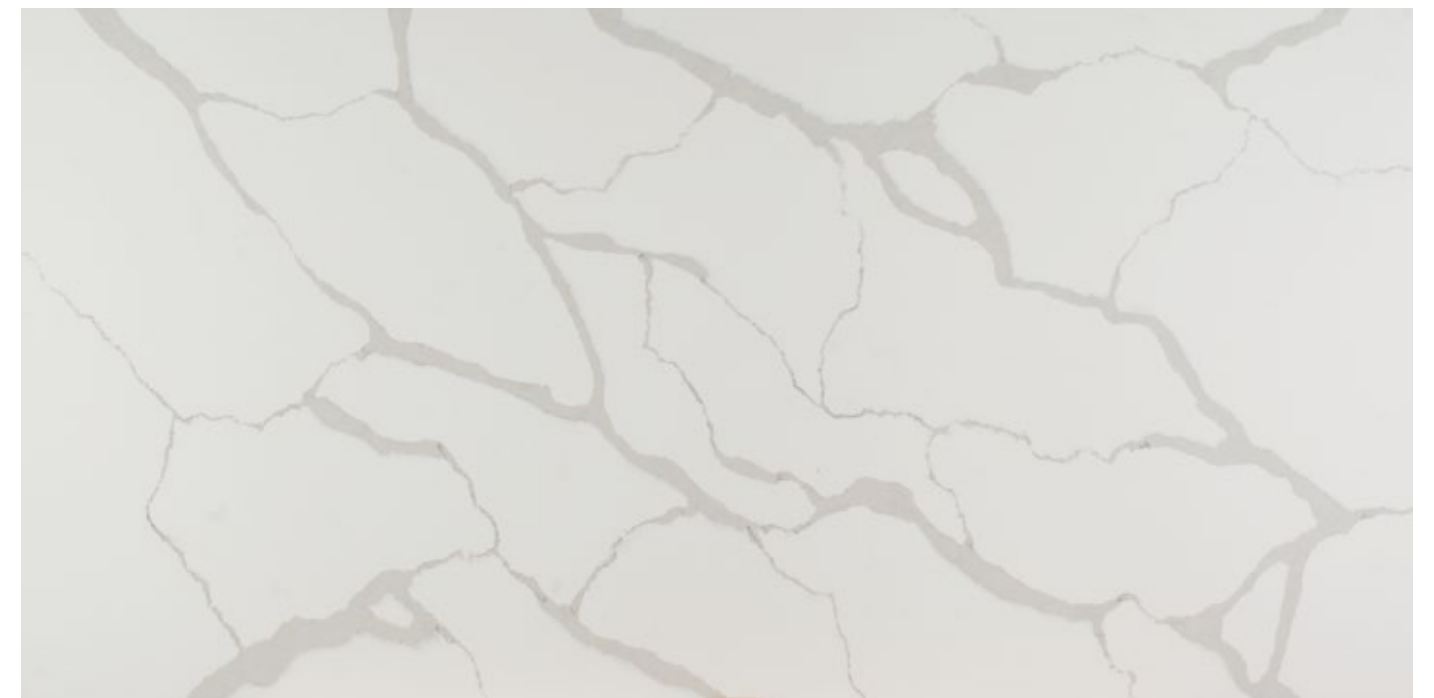

Create to your heart's content with the Wilsonart® Visualizer. This interactive design tool lets you see the possibilities and design with confidence.

Wilsonart.com/Quartz

Wilsonart® Quartz is a natural product, and for this reason a slight variance in color, shade, and structure of the natural stone is inherent. Images are meant to reflect a general indication of a particular design's color, hue, and composition, and is not a guaranteed replication of a full-sized Wilsonart Quartz slab. Always refer to an actual sample before ordering.

About Wilsonart

Wilsonart, a world leading engineered surfaces company, is driven by a mission to create surfaces people love, with service you can count on, delivered by people who care. The company manufactures and distributes High Pressure Laminate, Quartz, Solid Surface, Coordinated TFL and Edgebanding and other engineered surface options for use in the office, education, healthcare, residential, hospitality and retail markets. Operating under the Wilsonart®, Resopal®, Polyrey®, Arborite®, Laminart®, Bushboard™, Shore™, Mermaid™, Ralph Wilson®, KML® and Durcon® brands, the company continuously redefines decorative surfaces through improved performance and aesthetics. For more information, visit www.wilsonart.com or connect with us on Facebook, Houzz, Pinterest, Instagram, Twitter, LinkedIn and YouTube.
